	It is reported that Rs 72,930 has been allotted among the several districts. From the special weekly report recd from the R.C, it was observed that definite info regarding outlay on works was not given and even where it was furnished, the expre was found to be very poor. It is therefore desirable to know the exact amount that has been spent up till now out of the allotment.

G/ at page 2 of the Statement shows that out of the 4 items, only one costing Rs 231/- has been sanctioned. As regards Tenkur Dt., further revised list of T.M. works in the light of the

H G.O. dated 25. 1. 1924 has been called for and considering the fall in the off. in the No. of Cadis from week to week, it may not be necessary to sanction all the works.

J As regards Kolar Dt., a G.O. was issued asking the R.C. to explain certain discrepancies and directing that the expre should be limited to only Rs 10,000 already sanctioned. Hence the R.C. will still have these amounts viz. Rs 21,067 in all at his disposal.

3. Also after finding out if any D.C. has a large amount allotted but remaining unspent with him, that can be withdrawn for immediate use in areas where there maybe greater necessity, under intimation

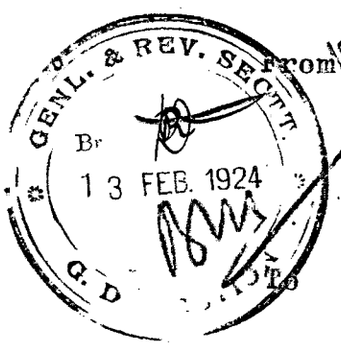
No. D.25 of 23-24.

Office of the Revenue Commissioner in Mysore,
Bangalore, the 11th February 1924.



From

K. Chandy, Esquire, B.A.,
Revenue Commissioner in Mysore.

D. 5-23-36

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department, B a n g a l o r e.

Sir,

Adverting to Government Order No. R.2276-87/R.M. 11-23-71 dated the 22nd November 1923 placing a sum of Rs.1,00,000/- at the disposal of the Revenue Commissioner for being utilized in connection with the prevailing distress for the expansion of village Improvement Works, tank restoration and maintenance works and the sinking of temporary wells, I have the honour to forward herewith a statement showing the allotments made out of the above grant up to this date from which it will be seen that a sum of Rs.72,930/- has already been allotted for the various Districts and a sum of Rs.22,840/- has been recommended for being utilized towards meeting the Government liability on account of the excess over the ryots share of charges in respect of maintenance works in the Districts of Tumkur, -- Kolar and Bangalore. The balance left is thus only Rs.4,230/-.

2. As against this balance, there is already a requisition from the Deputy Commissioner of Kolar for a sum of Rs.10,000/- for the sinking of drinking water wells in his District and similar requisitions may be expected from other Districts also in the near future. Besides, the cost on account of the entertainment of additional clerks and Sheikdars in several affected Taluks has recently been ordered to be met out of the same allotment. With a view to enable me to meet all these requisi-

tions

requisitions in the next few months during which distress may be expected to continue unabated, I beg to request you to be so good as to obtain the sanction of Government for placing an additional sum of rupees one lakh at my disposal.

3. The favour of very early orders is solicited as the balance left out of the original allotment is too small to meet requirements.

I have the honour to be,

Sir,

Your most obedient servant,

K. Meaudy

Revenue Commissioner.
